Subject: Agenda Item
Attachments: CR 1107 reconductor project.pdf

Judge our engineer and I met with Jason Smith on this project. " The Court To Consider Approving A Request From Oncor Electric Delivery. To Re-build Existing Electrical Power Distribution Facilities along CR 1107, For Approximately 3500 Feet between CR 1106 and CR 1108 In Precinct 1". This project is needed to replace wire that is overloaded with a larger conductor. Several trees will need to be removed in the CR ROW. Most poles are in an existing Easement out of the ROW. Please let me know if you have any questions.

Attached is a location print.

Thanks,

Larry Willis
