Greetings,

Oncor Electric Delivery is requesting permission to construct electric distribution facilities along CR 3562.

Construction prints are attached and all facilities meet clearance requirements of 22 ft.

Scope of Work: replace one existing pole on West side of CR 3562 and install one pole on west side of county road on customer property. New overhead primary will be spanned from the replaced pole to the new pole.

Should you need anything further, please do not hesitate to contact me.

Best regards,
